

# MAINTAIN TO SUSTAIN

## Maintain to Sustain

### VALLEY® PREVENTATIVE MAINTENANCE

Extending the field life of your pivot reduces the risk for downtime, yield loss and costly repairs. Don't let the fix-it issues go too long, sustain your irrigation machines by scheduling our factory-trained technicians to maintain peak performance. Ensure your irrigation equipment will be ready for the growing season and avoid mid-season breakdowns. Valley® Preventative Maintenance goes beyond Valley machines as we can maintain all pivot brands and provide drive train, electrical, control panel and sprinkler upgrades.

Save time and money by scheduling your Valley Certified Preventative Maintenance Check today!
